MEET DIANE MITCHELL

DIANE, INDEPENDENT LIVING RESIDENT

Diane Mitchell had spent most of her life living in the country with a lot of space to look after, which she loved. But when she visited a friend who was living at Renaissance North Tampa, Diane could easily picture herself there too, enjoying a maintenance-free lifestyle. “Right away people were so welcoming. I can’t say enough about how awesome everyone is.”

Without the worries of home maintenance and upkeep, Diane has been able to focus on staying active, spending time with family and developing new friendships while living at Renaissance. “The staff is just wonderful. They go over and above in everything they do – they are so kind and eager to help.”

Diane moved in along with her adult daughter Candace who has always lived with her. They’ve settled right in and adjusted to a living space that is smaller yet highly functional for their needs. “The community has so many floor plans to pick from. Everything is laid out nicely and we have big windows to let the sun in.”

Diane has always been a happy, cheerful person and now both she and Candace are surrounded by a friendly community of close neighbors. Diane appreciates how convenient it is to get involved in different activities – whether participating in Bible Study, listening to musical entertainment or indulging in a tasty drink from the coffee cart. “It just goes on and on. There’s a lot to do here and always someone to do it with.”
